

Legal Business +

The best way to subscribe to
the best title in the business

The title:

In the 25 years since it launched, *Legal Business* has been the benchmark for the best analysis, commentary and in-depth coverage on the legal market. The title has long been renowned for its agenda-setting editorial and fresh take on the highly competitive legal industry, including its flagship annual reports, such as the *Legal Business 100*, *Global London* and the *In-House Lawyer Survey*, and ground-breaking cover features.

Recent years have seen substantial investment and modernisation in the title, including an expanded editorial team, a totally overhauled website and the launch of our acclaimed iPad edition. The title has also put together a string of new reports and initiatives, including the *GC Power List*, the *Disputes Yearbook* and related events and the *Insight* series.

However, the hallmarks of *Legal Business* remain the same as when it first launched: a commitment to high-quality reporting backed by substantial investment and the best journalists in the industry. Subscribe to *Legal Business* to get the best intelligence amid challenging times.

Legal Business +:

The best way to receive the title is through Legal Business +, a firm-wide corporate subscription that provides a range of benefits to subscribing law firms. This allows the entire firm to gain access to *Legal Business*' acclaimed content via print, online and the iPad.

The full benefits package includes:
